Research Agenda for International Study on ESD in Globalizing World

Date: February 20 Tue, 2024, 10:00-16:00

Organizer: Yokohama National University ESD working group

Theme: Education for Sustainable Development (ESD) is a global educational agenda and is integrated in national curriculum in Japan. In context of multicultural society, its objective, contents, and method require international research. With invited lecturers from Peru and Vietnam, we would like to share the experiences and discuss how we can collaboratively explore the agenda.

Venue: Zoom Webinar : please fill out the form from URL/QRcode below
